@yegvalleyLRT

Progress Updates

- » The first rail was installed in Mill Woods in early August.
- » Two TPSS units were installed in Mill Woods at 34 Avenue and 38 Avenue.
- » Crews started installing OCS poles for the LRV's.
- » Track slab has been completed in many areas along 66 Street.
- » Whitemud concrete spans for the LRT bridge have been cast with installation anticipated prior to the winter season.
- » Installation of noise walls along 66 Street was completed over the summer.

Continuing Work

- » Girders over Whitemud Drive will be installed this winter.
- » Construction will continue on the east side of 66 Street, from Whitemud Drive to 31 Avenue.
- » Traffic will be moved from the south side of 28 Avenue to the north side and construction will begin on the south side of 28 Avenue this winter.

Impacts

- » lane reductions
- » slower traffic
- » noise, vibration
- » overnight work

Whitemud Drive girder installation - Date TBD

Whitemud Drive will be closed west of the 66/75 Street overpass.

Watch for notice regarding dates/times. Traffic will be directed onto Whitemud off-ramps and across the overpass to continue travelling on Whitemud Drive while girders are installed. Consider alternate routes.
